The FARMIST SUMMIT 2026

DISCOVER THE NEW CAREER PATH
IN AGRICULTURE

ABOUT THE FARMIST SUMMIT 2026

The Farmist Summit 2026 is more than an event—it's a career movement for agriculture graduates and aspiring professionals. It bridges the gap between academic education and real-world opportunities by providing practical knowledge, industry exposure, mentorship, entrepreneurship, and a clear roadmap to become a successful Farmist and create meaningful impact in Indian agriculture.

OUR VISION

To build a future where every farming community has access to a skilled Farmist who empowers farmers with scientific knowledge, practical guidance, and sustainable solutions, creating a stronger and more prosperous agricultural ecosystem.

OUR MISSION

To bridge the gap between agricultural education and real-world practice by equipping aspiring professionals with industry knowledge, practical skills, mentorship, and entrepreneurship opportunities to build meaningful careers while serving farmers.

THE HIDDEN TRUTH

There is a huge gap between what we learn in college and what the **real world needs**.

We have knowledge, but not the **right direction**.

We have a degree, but not a **clear career path**.

We want to **earn**, but don't know how.

WHY DO MOST AGRICULTURE GRADUATES STRUGGLE?

GOVERNMENT JOBS

High Competition.
Very Few Get Selected.

PRIVATE JOBS

Limited Opportunities.
Low Job Security.

ENTREPRENEURSHIP

Most Don't Know Where to Start. Afraid of Risk.
Lack of Guidance.

THE OPPORTUNITY YOU DON'T WANT TO MISS

Agriculture is changing.
Farmers need solutions.
The demand for agri experts is growing.
But there are very few trained professionals to guide them.

This is your chance to become
THE SOLUTION.
And build a future you will be proud of.

A NEW CAREER PATH EXISTS.
ARE YOU READY TO DISCOVER IT?
